

Children of Light

Jeff Hawker

At the start, the Earth was dark
It had no shape; it took no form
But with your voice, you broke the night
You filled the skies, you shone your light
Now we live in your light
Now we live in your light

We are children of light
We reflect your life
(repeat)

At the start, the Word was God;
In him was life; the life was light
He's shining bright, for everyone
The darkness has not overcome
'Cause we live in your light
'Cause we live in your light

May we see your majesty
And rest within your glory
May we see your majesty
And show the world your glory
