

## **Jesus Christ Is Our Peace**

Jeff Hawker

We once were far away, we did not know Yahweh  
But we were looking for a home  
Without a covenant, no hope of a promise  
We were like foreigners alone  
But Christ was bringing us near  
Christ Jesus is here

Jesus Christ, is our Peace  
Lord of all unity  
***(repeat)***

We once were outsiders, behind the barriers  
Before the Lord gave up his life  
Behind dividing walls, our sin was standing tall  
Nothing we did could make things right  
But Christ was bringing us near  
Christ Jesus is here

Build a temple in our hearts  
Keep us from falling apart  
Build a temple in our souls  
You are the chief cornerstone
